accelerating drug development. exactly.

Charles River publishes our **Researcher** newsletter and literature with detailed Preclinical information designed to support your research. They are now available online through our information portal, The SourceSM. Please see below list of currently available Researchers:

- 198 Microautoradiography Services, DMPK, Lab Sciences
- 196 Tissue Based Toxicity Models, *In Vitro* Services, Lab Sciences
- 195 Biliary Elimination Studies, DMPK, Lab Sciences
- 194 New Chemical Entities, Bioanalysis, Lab Sciences
- 193 Bioanalysis of Endogenous Fatty Acids, Bioanalysis, Lab Sciences
- 192 *In Vitro* Electrophysiology Safety Studies hERG, Safety Pharmacology, Toxicology Services
- 191 Expanded Histomorphometry Services, Histomorphometry, Pathology
- 190 Solutions-Driven Genetic Toxicology Services, Genetic Toxicology, Lab Sciences
- 189 Bioanalysis: A Global Service, Bioanalysis, Lab Sciences
- 188 Implementing Cardiovascular Best Practices at Charles River, Safety Pharmacology, Toxicology Services
- 187 Experience and Expertise in Juvenile Toxicology Studies, DART, Toxicology Services
- 186 Formulation Services at Charles River Pennsylvania, Analytical Chemistry, Lab Sciences
- 185 Carcinogenicity Testing, General Toxicology, Toxicology Services
- 184 Asthma Researcher - Volume II, Inflammation, Toxicology Services
- 183 Asthma Researcher - Volume I, Inflammation, Toxicology Services
- 182 Reproductive Toxicology Testing of Vaccines, DART, Toxicology Services
- 181 Clinical Sample Kits, Clinical Support, Lab Sciences
- 180 Parameters/Biomarkers of Inflammation, Immunology, Lab Sciences
- 179 Intravenous Infusion Reproductive and Juvenile Toxicology, DART, Toxicology Services
- 178 Tissue Cross-Reactivity Studies, TCR, Pathology
- 176 First-Pass Metabolism, DMPK, Lab Sciences
- 175 Immunoassay for the Quantification of Oligonucleotide and siRNA, Immunology, Lab Sciences
- 174 Advanced Services in Non-Clinical Juvenile Safety Testing, DART, Toxicology Services
- 173 Impact of Therapeutics on the Complement System, Immunology, Lab Sciences
- 172 Drug Metabolism/Pharmacokinetics, *In Vivo* DMPK, Lab Sciences
- 171 Allometric Scaling and Dosimetry Extrapolation from Rat to Man, DMPK, Lab Sciences
- 170 Dose Analysis of Biomolecules, Analytical Chemistry, Lab Sciences
- 169 Gene Expression Analysis using Real-Time Quantitative PCR in Clinical, Molecular Biology, Lab Sciences
- 168 Intranasal Capabilities, Inhalation Toxicology, Toxicology Services
- 167 Regulatory Considerations in Pediatric Drug Development, DART, Toxicology Services
- 165 Biologics - A Class of their own, Immunology, Lab Sciences
- 163 Bioanalytical Project Synopsis, Bioanalysis, Lab Sciences
- 161 Male Osteoporosis Models, Bone Research, Toxicology Services
- 160 Social Housing and Animal Enrichment, General Toxicology, Toxicology Services
- 158 Development of *In Vitro* Electrophysiology Studies, Safety Pharmacology, Toxicology Services
- 156 Immunoassay Operations at Charles River, (Immunochemistry) Bioanalysis, Lab Sciences
- 152 Are all Immunoassay Kits for Peptides Created Equal, Immunology, Lab Sciences
- 149 Clinical Laboratories Services from Method Development to Clinical Support, Bioanalysis, Lab Sciences
- 148 Metered Dose Inhalers- New and Improved Delivery Device, Inhalation Toxicology, Toxicology Services
- 146 Charles River Immunology Services - Update, Immunology, Lab Sciences
- 144 Reproductive Toxicology Testing for Biotechnology Products, DART, Toxicology Services
- 138 Osteoporosis Drug Screening Models, Bone Research, Toxicology Services
- 132 Animal Models of Osteoarthritis and Rheumatoid Arthritis, Bone Research, Toxicology Services
- 106 Markers of Cartilage Turnover, Immunology, Lab Sciences
- 101 Micro-CT Scanning - A Powerful Tool in Early Drug Development, Bone Research, Toxicology Services
- 92 Bone Toxicology: Evaluation Adverse Effects in Bone, Bone Research, Toxicology Services
- 86 Evaluation of the Developing Skeleton for Nonclinical Pediatric Studies, DART, Toxicology Services
- 69 Comprehensive Bone Imaging, Bone Research, Toxicology Services
- 66 Biochemical Markers of Bone and Cartilage Turnover, Immunology, Lab Sciences
