

# Charles River **SHORTCOURSE**

June 12-15, 2017

## **VETERINARIAN SCHOLARSHIP**

for the annual Charles River Short Course on Laboratory Animal Science

### **Thinking of a Career Change?**

The Charles River CHARTER Program is proud to sponsor a limited number of scholarships for the annual Charles River Short Course on laboratory animal science.

This popular educational opportunity fills up fast and often has a waiting list for openings; however, each year we save a few spots for veterinarians who are not currently active in laboratory animal medicine but who are interested in learning more about the exciting and challenging field.

This year's course will be held in Mashantucket, Connecticut, from June 12-15, 2017, and topics include infectious disease, animal facility management, and animal behavior and enrichment. To apply, simply send a letter with a brief description of your professional experience and current position, as well as a short summary (two pages or less) of why you would like to attend the Short Course. Applicants should not be currently involved in the field of laboratory animal medicine.

Participants are eligible to receive CE credits, and scholarship winners receive a complimentary registration. For applications and scholarship criteria, please visit [www.criver.com/sc-scholarships](http://www.criver.com/sc-scholarships).

#### **APPLICATIONS SHOULD BE SENT TO:**

Dr. Marilyn Brown, Vice President | Charles River CHARTER Program  
251 Ballardvale Street | Wilmington, MA 01887 | [marilyn.brown@crl.com](mailto:marilyn.brown@crl.com)

*Applications must be received by April 1, 2017.  
Winners will be notified by May 1, 2017.*
