

What Humane Care Means to Me

By Ryan B. - Charles River Laboratories, Shrewsbury, MA

There are unsung HEROES in this world that do not have a voice. These heroes are our animals and they do not seek fame or fortune and you won't read about them in the newspapers, instead they play an often unseen but irreplaceable role in increasing the quality of life for people all over the world. We at Charles River Laboratories work with these heroes every day and treat them as such. Without these heroes, we would not be able to advance in our mission of helping the sick lead better lives.

Here at Charles River Laboratories, we realize that no life is too small to make a big difference.
